Profile

I'm a computer science student with a passion for problem solving and a budding love for web development. As a student athlete, I know how to prioritize my projects and manage my time effectively. I'm someone who you can trust to get the job done right the first time.

Education

Westminster College: Pursuing a B.S. in Computer Science with a Biology minor
Projected Graduation: May 2020
Men's Lacrosse Team

Skills

- Languages: Java, Python, C#
- Back End: MySQL, SQLite, Django
- Web Development: HTML, CSS, JavaScript, WordPress
- Excellent communicator, both verbally and through writing
- Quick to learn new techniques and tools
- Self-motivated and dependable
- Effective in time management
- Cooperative in a team environment

Experience

Student Web Developer, Westminster College, 2019

- Fulfilled tickets requesting changes to the school website
- Created and altered web pages using HTML and CSS
- Collaborated with teammates on large long-term projects
- Adapted to a pre-existing CMS housing the website files

Computer Science Tutor, Westminster College, 2019

- Assisted students with computer science and math questions
- Maintained a friendly learning environment
- Honed programming skills through explaining and teaching

Web Development Intern, Keen Homeshare, 2019

- Developed a website from scratch using WordPress (keenhomeshare.com)
- Adjusted form and function of the website using HTML and CSS knowledge
- Received and fulfilled feature requests of variable urgency

Server, Olive Garden, 2017-2019

- Fulfilled needs of guests and team members with speed and acute attention to detail
- Cooperated with team members to keep the restaurant running smoothly
- Built relationships in short spans of time with guests at my tables
